ANSWER

MINISTER OF STATE FOR LABOUR AND EMPLOYMENT
(SHRI RAMESWAR TELI)

(a) to (d): The data on Employment and Unemployment is collected through Periodic Labour Force Survey (PLFS) which is conducted by the Ministry of Statistics & Programme Implementation (MoSPI) since 2017-18. The survey period is July to June of next year. As per the latest available Annual PLFS Reports, the estimated Unemployment Rate (UR), Labour Force Participation Rate (LFPR) and Worker Population Ratio (WPR) on usual status for persons of age 15 years and above during 2020-21 and 2021-22 were as follows:

Years	WPR (%)	LFPR (%)	UR (%)
2020-21	52.6	54.9	4.2
2021-22	52.9	55.2	4.1

The above data indicates that the labour market has positive indicators, viz., unemployment rate has a declining trend and on the other hand, Labour Force Participation Rate and Worker Population Ratio has an increasing trend.

The State/UT-wise estimated Unemployment Rate (UR) on usual status for persons of age 15 years and above during 2021-22 is given at Annexure.

PM GatiShakti is a transformative approach for economic growth and sustainable development. The approach is driven by seven engines, namely, Roads, Railways, Airports, Ports, Mass Transport, Waterways and Logistics Infrastructure. This approach is powered by Clean Energy and Sabka Prayas leading to huge job and entrepreneurial opportunities for all.

Besides these initiatives, various flagship programmes of the Government such as Make in India, Start-up India, Stand-up India, Digital India, Housing for All etc. are also oriented towards generating employment opportunities.
